

Presswood Pallet Moulding Press Machine

You can rest assured to buy Presswood Pallet Moulding Press Machine from Senyu factory and we will offer you the best after-sale service and timely delivery. We design and produce the Presswood Pallet Moulding Press Machine for more than 6 years. The press wood pallet is a good alternative for the traditional wood pallet, it can save your budget, stock space and shipping cost by choosing the. When you have regular demand of the pallet, it is better to install the Presswood Pallet Moulding Press Machine, and

produce the press wood pallet locally, it will greatly reduce the cost by mass production locally. Most of our products are export to European, American, Asian countries and we look for long term partners in all countries in all areas.

Product Introduction

Wholesale low price Presswood Pallet Moulding Press Machine made in China. Senyu is a Presswood Pallet Moulding Press Machine manufacturer and supplier in China. We constantly function like a tangible group to ensure that we can give you the very best high-quality and also the very best cost for Good User Reputation for China European Standard Automatic Wooden Pallet Press Production Line, Sincerely hope we have been expanding up together with our customers everywhere in the environment. Good User Reputation for China Wood Pallet Production Line, Wood Pallet Making Machine, During the development, our company has built a well-known brand. It is well highly acclaimed by our customers. OEM and ODM are accepted. We are looking forward to customers from all over the world to join us to a wild cooperation.

China Presswood Pallet Moulding Press Machine Factory

Product Introduction of Presswood Pallet Moulding Press Machine

The Presswood Pallet Moulding Press Machine, includes wood chipping machine molding press machine, crushers, dryers, glue mixers, storage bins, etc. The production line has been designed by our company for many years of production experience, with good stability, high production efficiency, low energy consumption, and flexibility. It is convenient to change the press molds, can produce various specifications of pallets, easy to install, does not require basic positioning. This machine has a reasonable design and structure. And we can send our worker to install or provide video instruction on how to install it. And good after sales service, we also produce the press wood pallet, so we can solve any possible problems during production

Features of Presswood Pallet Moulding Press Machine

- (1) Equipment structure: unique internal structure with good strength, rigidity and precision keeping.
- (2) Hydraulic system: with independent hydraulic system, using two-way cartridge valve, small volume and light weight, compact structure, small flow resistance, large flow, sensitive action, reliable work, good sealing performance, easy maintenance, long service life and other characteristics; working pressure can be adjusted within the parameters.
- (3) Control system: power operation one cabinet, can realize automatic or manual control.
- (4) Full-automatic control mode: press the automatic start button, automatically complete a tray pressing molding process, and automatically complete the finished product out of the mold automatic palletizing to reduce manual handling. It can be switched to manual mode, and the manual button controls the ram rising, falling and unloading etc.
- (5) Safety device: Motor control part has thermal protector, circuit breaker, etc. to protect motor overload from damage and overcurrent short circuit protection. There are independent relief valves for cylinder rise and fall to ensure that the pressure is not overloaded.
Overpressure protection: the set pressure is reached to stop working, playing the role of overpressure protection.

Advantage of Presswood Pallet Moulding Press Machine

Our company focuses on the production of Presswood Pallet Moulding Press Machine, and launches of a molding machine with superior performance and extra-large pressure design,

producing molded pallets with better strength, which are loved by customers at home and abroad.

- (1) Higher pressure: the actual working pressure reaches 1000T.
- (2) Can improve product quality: better pallet strength and relatively smoother surface.
- (3) Large size: the maximum processable size is 1300×1200mm.
- (4) Good stability, super high-cost performance.

Qualification of Presswood Pallet Moulding Press Machine

Qingdao SenYu(Scenix) is located in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of Presswood Pallet Moulding Press Machine. Through years of strenuous effort, we have started to play an important role in this market. We have 3 modern workshops and production line, with patent technology to make the stable Presswood Pallet Moulding Press Machine with an annual output of 5000, 000pcs.

With the competitive prices, quality products and aftersales services, our Presswood Pallet Moulding Press Machine has been used in many fields of chemical, auto-parts, printing, food etc. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe and other foreign countries.

Why Choose Scenix Presswood Pallet Moulding Press Machine

- 1.Scenix has years production experience of the Presswood Pallet Moulding Press Machine
- 2.We have repeated orders from our client with our stable quality and service
- 3.2 workshops and experienced workers to ensure the fast and production and delivery
- 4.24/7 available for any question about Presswood Pallet Moulding Press Machine
- 5.Full set of SGS testing report available
- 6.Besides the pallet, we also produce the presswood production line, so we can use the machine better to produce more stable pallet.

Faq

Q: Are you trading company or manufacturer?

A: We are professional manufacturer of the Presswood Pallet Moulding Press Machine and production line. And Welcome to visit our factory

Q: How long is your delivery time?

A: It take about 45 working days to finish a whole set of the Presswood Pallet Moulding Press Machine

Q: Do you provide samples? is it free?

A: Yes, we could offer the sample of the pallet for free, clients only need to pay the freight.

Q: What is your terms of payment?

A: T/T or L/C

Q: How many sizes available can Presswood Pallet Moulding Press Machine produce?

A: We have seven size mold and has some customized molds

Q: Can you do the OEM Size and pattern for Presswood Pallet Moulding Press Machine

A: Yes, with certain quantity, we can make the new mold and produce any size and pattern.

Q: Can we order mixed size of the pallet

A: Yes, we have all sizes in stock and you can have mixed order.

Q: How many pallets can be loaded in one container?

A: Because of the nestable design, 1000-1500 pcs Sawdust Wood Pallet can be loaded. And it takes about 3 contains to load the machine.
